BATHROOM INSTALLATION PLANNING PACK

Plan your project with confidence using a printable guide that includes a budgeting worksheet, preparation checklist, installation timeline, and maintenance tips.

1. RENOVATION BUDGETING WORKSHEET

Expense Category / Item	Est. Budget (£)	Actual Cost (£)	Status / Notes
Installation Trades (Plumbing, Electrical, Tiling)	£4,350 - £7,500		Pending
Sanitaryware, Shower Enclosure & Brassware	£1,250 - £3,200		Pending
Tiles, Panels, Tanking Kit & Grout/Adhesive	£880 - £2,000		Pending
Contingency Fund Reserve (10-15%)	£650 - £1,900		Reserved

2. PRE-INSTALLATION PREPARATION CHECKLIST

- ☐ **Delivery & Damage Verification:** Unpack and inspect all sanitaryware, screens, and tiles 48 hours prior to start; verify tile batch numbers.
- ☐ **Site Protection & Utility Checks:** Lay carpet protection, locate main water stopcock, and assign a dry staging area for trade tools.

3. PROJECT INSTALLATION TIMELINE

Phase / Days	Key Work Stages	Milestone Deliverable
Days 1 – 2	Strip-out, demolition, skip disposal, joist/stud repair	Bare shell prepped
Days 3 – 5	First-fix plumbing, Part P electrics, plastering, 100% tanking	Pipework & waterproofed
Days 6 – 8	Wall & floor tiling, grouting, ceiling painting, second-fix electrics	Tiling & surfaces done
Days 9 – 10	Sanitaryware & tap fitting, pressure leak testing, silicone sealing	Final sign-off & cleanup

4. POST-INSTALLATION MAINTENANCE & CARE TIPS

- **Curing & Sealing:** Allow sanitary silicone sealants a full 24 hours to cure completely before first water exposure.
- **Routine Care:** Use non-abrasive, pH-neutral cleaners on acrylic and chrome finishes; squeegee shower glass daily to prevent scale.
- **Annual Checks:** Inspect silicone seals around baths and shower trays annually, replacing degraded beads to prevent hidden leaks.

Planning your bathroom renovation? Partner with **CG Bathrooms Limited** for expert execution.
